Two are honored

Recently, several of the eighth grade English classes at Appomattox Middle School wrote short stories. The most outstanding stories were written by Kim Dwen and Wanda Daniels.

Kim's story is a fantasy about a young man who finds himself in the precarious position of having to risk his life to rescue an ugly princess from an evil wizard.

Wanda's story is one of suspense. An escaped convict enters her bedroom one night as she is falling asleep. After a slight struggle, she escapes and runs into the woods. In her escape, she is forced to jump from a cliff which awakens her from a dream. The next morning, to her surprise, she hears that an escaped convict had been captured in her neighborhood.

Both of these stories will be printed in the next edition of the Appomattox Middle School's newspaper, The A.M.S. Chronicle.

IN ONE MINUTE YOU CAN SAY, "I MISS YOU VERY MUCH." 30 TIMES, VERY QUICKLY.

"I miss you very much" is one good reason to call long distance.
There was a time when you waited for a special occasion to call: To announce a wedding. When a baby was born. Or to say "hello" at holiday times.
Today, almost any occasion will do. To catch up with the news...to share a special moment...to hear a friendly voice far away.
It means so much—and costs so little (especially when you call direct after 5 p.m. or on weekends).
Turn an ordinary minute into a memorable moment. Call someone you love long distance today.
